

# THE TIMES.

VOL. III.—NO. 8.

MOOSE JAW, N. W. T., FRIDAY, JUNE 26, 1891.

Price 5 cents.

## THE MOOSE JAW TIMES

— is published —

EVERY FRIDAY MORNING,  
at the office in time for the early mail,  
GRAYSON'S BLOCK, MAIN STREET,  
Moose Jaw, N. W. T.

TERMS:  
If paid strictly in advance, \$1.50 per Annum  
otherwise, \$2.00.

ADVERTISING RATES.  
First Insertion, per line, 10c.  
Each Subsequent insertion, 5c.  
Contract advertisements inserted at the following rates:

One Column, one year	\$106.00
" " " " " "	60.00
" " " " " "	35.00
Half Column, one year	60.00
" " " " " "	35.00
" " " " " "	20.00
Quarter Col., one year	35.00
" " " " " "	20.00
" " " " " "	12.00
Eighth Col., one year	20.00
" " " " " "	12.00
" " " " " "	8.00

Business cards not exceeding one inch \$10.  
Advertisements of farms for sale, cattle  
stray and other small advertisements \$1.50  
for first month and \$1.00 per month there-  
after.  
Special notices 12 cents per line each inser-  
tion.

Any special notice, the object of which is  
to promote the pecuniary benefit of any indi-  
vidual, company or society, will be con-  
sidered an advertisement and charged accord-  
ingly.

All advertisements measured by a scale of  
Nonpareil, 12 lines to the inch; advertise-  
ments without specified directions will be  
inserted until forbid. Instructions to change  
or discontinue an advertisement must be  
left at this office by noon on Monday, and  
the copy or changes must be handed in not  
later than 10 a. m. on Wednesday.

### JOB PRINTING

Have a first-class jobbing department  
in connection—Gordon presses, and the lat-  
est designs in printing material—enabling  
us to execute all descriptions of job printing  
on shortest notice, and in style second to no  
city office.

Our terms for job work, camera advertise-  
ments and special notices are cash. Contract  
advertisements payable quarterly.

## DOINGS AT OTTAWA.

### AMENDING THE ELECTION ACT.

OTTAWA, June 19.—The bill of Mr.  
M. C. Cameron, of Huron, for the  
further prevention of corrupt practices  
at elections was read a second time, and  
on motion of Sir John Thompson was  
referred to the special committee ap-  
pointed to consider all bills relating to  
the franchise and election acts.

McMullen's bill to make it compul-  
sory for members of parliament to re-  
side in this country and charge mileage  
only from their constituencies was read  
the second time and referred to the  
same committee.

### REPLIES TO QUESTIONS.

Langvin in answer to Ross said re-  
ports of the survey respecting the im-  
provements on the Red River had  
been made to the Government. The  
work would cost \$913,000 and it was  
not the intention of the Government  
to prosecute the work.

### A DISMISSED M. P.

McMullen moved for a return of the  
correspondence relative to the dismissal  
of Wm. Laidlaw from the North West  
Mounted Police, and his application for  
compensation for the loss of his thumb  
while in service. Dewdney said Laid-  
law lost his thumb from the effects of  
whitlow.

### MANITOBA PROHIBITION PETITIONS.

Watson presented a batch of peti-  
tions from the Manitoba Presbyterian  
churches praying for the passage of a  
prohibitory law.

### DAVIN'S NEW LAND ACT.

Davin introduced a bill amending  
the Dominion Lands Acts to provide  
for the preservation of colonies which  
can be dammed up for the purpose of  
making little reservoirs of water, and  
that no patents for land shall issue ex-  
cept subject to the condition that no  
house shall be built except with a cer-  
tain specified distance. Another clause  
provides for the expropriation of land  
where such reservoirs already exist. It  
is provided also that those who have  
come into the country between 1883  
and 1886 shall have their rights that  
accrued to them during that time and  
which were confiscated by the Govern-  
ment Act of 1886. It is said that the  
Government is likely to accept Mr.  
Davin's view of second homesteads.  
Another clause compels men who have  
been five years without taking out their  
patent, if within a school section or  
municipality, to take out their patent,  
or else their interest in the land will  
be liable for taxes. There is a clause  
to prevent speculating on homesteads  
by compelling such land to be cultivated  
for one year.

### REDEMPTIVE PRE-ELECTION PROMISES.

The Government will introduce a  
bill to release the Canadian Pacific  
from the million dollars bonds held by  
it in respect to the line between Mon-  
treal and Quebec. This is in conformity  
with the election promise given by  
Chateauvert, the ministerial candidate  
in Quebec, and endorsed by Sir John  
Macdonald, Sir Charles Tupper and Sir  
Hector Langevin.

### A BILL BY DEWDENEY.

Hon. Mr. Dewdney introduced a bill  
to authorize the transfer of the land  
grant of the Calgary and Edmonton  
railway from Gleichen to Red Deer, to  
Calgary to Red Deer.

### LAND GRANTS TO RAILWAYS.

OTTAWA, June 20.—Dewdney will  
ask on Monday that the committee of  
the whole will consider the resolution  
of an act authorizing land grants to cer-  
tain railways, and to provide that  
lands be granted the Red Deer Valley  
Railway & Coal company to an extent  
not exceeding 6,400 acres each mile,  
either from Chasid station on the C.  
P. R. to a terminus near township 29,  
range 23 west 4th meridian, a distance  
of 50 miles, or from Calgary to a ter-  
minus, a distance of 75 miles.

### QUESTIONS BY DAVIS.

Davin will enquire on Monday  
whether the government's attention  
has been called to an article in the  
Leader respecting the Mounted Police  
bill, and whether it is the intention  
to bring a Mounted Police bill on those  
lines.

Davin will ask on Monday what re-  
ply the government gave to the mem-  
orial of the Legislative Assembly of  
the Northwest on the subject of im-  
migration, and whether it is the in-  
tention of the government to place a sum  
in the estimates to be at the disposal  
of the Northwest Territory for immi-  
gration purposes.

### DAVIN WANTS RAILWAY FIRE BREAKS.

In the house this afternoon Davin in-  
troduced a bill to amend the railway  
act, giving railway companies in the

Northwest power to enter on all uncul-  
tivated land for a distance of 220 feet  
on each side of the track, and makes  
it compulsory under the penalty that  
railway companies plough a fire guard  
six feet wide, 200 feet from the track,  
and burn the grass between this guard  
and track. It also makes it compul-  
sory to all railways in Canada, after  
1893, to use on all freight cars auto-  
matic brakes, and on all freight and  
passenger cars automatic couplers.  
The object of this clause is to minimize  
the loss of life from accidents.

### 'The Destiny of the Human Race.'

The following is a synopsis of  
Rev. Dr. McLean's lecture delivered at  
Portage la Prairie on 11th inst., at a  
meeting of the Theological Union,  
in connection with the Methodist Con-  
ference of Manitoba and the North  
west:—

The subject of the lecture was "The  
Destiny of the Human Race," showing  
that the story of the creation involves  
the origin of the race. He discussed  
the question of the unity of the human  
race, also the locality of the home of  
the first man, and the antiquity of the  
race, holding that the evidence points  
to the lengthening of the period that is  
popularly accepted. He said there was  
no settled system of chronology  
upon which an argument could be  
based. Speaking of the origin of lan-  
guage, he showed how rapid changes  
take place in the origin and develop-  
ment of language, giving a long illus-  
tration based on three years study of  
his own little boy's development. A  
child, he said, possesses the language-  
forming faculty; dialects are formed  
by the separation of families. The  
lecturer discussed the origin of religion  
showing that its first principles are  
very simple, and that naturally pre-  
ceded revealed religion. Comparison  
showed that there were germs of truth  
in all the great religions of the world.  
The race began unclothed and unedu-  
cated, and was like a little child in the  
hands of a great Teacher, the Parent of  
the Universe. Its education consists  
of periods of development—of progres-  
sion and retrogression. Man began in  
a semi-savage state. Abel was the  
representative of the stock raiser and  
the shepherd, of the semi-hunting pe-  
riod of the race; Cain was the repre-  
sentative of the agricultural period. Wo-  
man was the representative of the in-  
dustrial arts; and upon this could be  
based an argument for woman's rights.  
Modern civilization is not superior to  
ancient: there was as great advance-  
ment in ancient times as to day;  
the only differences were in the  
work; they were ages of painting,  
sculpture and poetry; we are  
now in the age of industrialism.  
The 19th century has been highly laud-  
ed; but it is not superior to centuries  
which have preceded it. We have  
only changed our civilization, not ad-  
vanced it. The lecturer further dis-  
cussed the development of state-craft,  
questions of political economy, such  
destruction of fuel, the Malthusian the-  
ory of population, etc. He pointed out  
indications that an unseen power is  
guiding the nations in reference to  
these problems. Each nation is an  
educator of the great human race, in  
the hands of the great Teacher; when  
a nation has done its work it steps  
aside, and another, strong and vigorous  
takes its place. There was a time  
when a nation arose, small and feeble;  
it gradually developed; and it is to  
day the grandest nation on the earth.  
The lecturer predicted that as in the  
case of other great nations, there would  
come the decline and fall of the Brit-  
ish Empire. He looked forward to a  
unification of this whole continent.  
God requires this whole continent.  
He said for the development of a new  
race. He would drop both the names  
Canadian and American; the destiny  
of the continent, he held, would not be  
annexation or affiliation, but the obli-  
teration of political differences; he sug-  
gested for the new nation the name  
"Americanian." The lecturer looked  
forward to the development of a perfect  
race containing the heterogeneous ele-  
ments of all the best races of the earth—  
a race of strong physical powers from  
the laboring classes, and mental power  
from the aristocratic class, and having  
the vision of the seer, or spiritual in-  
tuition. Then a new language would  
be formed, incorporating all of the  
leading elements of the best languages  
of the world; and the time would come  
when this perfect race, accepting all  
the leading elements of all the great re-  
ligions of the world, would incorporate  
these with the fundamental truths of  
Christianity, breaking loose from ec-  
clesiastical government, creeds and con-

fessions, and accepting no longer the  
teachings of the letter, but of the spirit.  
Man would then no longer belong to  
the era of individualism, but would re-  
turn to the agricultural period of life  
from which he started. He would  
no longer feed his animal pas-  
sions upon flesh, but his peaceful in-  
stincts would be nurtured on vegetable  
food, the war would no longer exist, the  
causes being removed, the animal pas-  
sions being no longer aroused from the  
eating of flesh. When man has accept-  
ed the great truths, and the world has  
done all it can for the child, he will be  
translated to another form of the same  
kind of life—not another life—where  
he will continue his development, a  
human child no longer, but a divine  
child, and he will look up into the face  
of God and say, as in the beginning,  
"Father."

Russia's cruel treatment of the Jews  
still continues and waxes fiercer as the  
weeks and months pass by and the re-  
monstrances of righteously indignant  
Christian societies and communities fill  
the air. Hardly a day passes that  
some new atrocity and barbarous cru-  
elty is not reported as having been pe-  
netrated upon these helpless children of  
Abraham, robbing them of their earth-  
ly goods, driving them with whips from  
their dwellings, dragging them out of  
their beds at night, loading them with  
chains, plunging them from comfort into  
the deepest misery, subjecting women,  
girls and children to the most horrible  
outrages that it is possible to conceive.  
Among the latest barbarities reported  
is the practice of kidnapping Jewish  
babies and selling them for bates to  
Egyptian crocodile hunters. One who  
has lately travelled through southern  
Russia testifies that hundreds of babies  
are torn from their mothers for this  
purpose. The baby is placed on the  
bank of the river and when the croco-  
dile, attracted by the tempting morsel,  
approaches he is first upon. Not un-  
frequently however the baby fails to kill  
and before the ferocious beast can be  
prevented the babe is actually seized  
and devoured. In this manner many  
babies lose their lives. It is safe to  
say that history fails to furnish any-  
thing more exquisitely cruel and heart-  
less.

How to develop a spirit of patriot-  
ism without at the same time fostering  
a warlike spirit is the problem that  
confronts those entrusted with the  
training of the youth of our land. We  
want patriots, men who love their coun-  
try and its institutions, men who con-  
sider no sacrifice, not even life itself,  
too dear for the land they call their  
own. But we do not want men of  
blood, men who delight in war for its  
own sake, or who can contemplate the  
carnage of the battlefield with any other  
feeling than that of horror. Care  
should therefore be taken on all occa-  
sions, especially when memorable bat-  
tles, such as that of Ridgeway, are be-  
ing commemorated, that the battle  
itself be not invested with a glamour  
that shall attract the fancy of the youth  
and make him long to shoulder his  
musket and march to the front. Let  
our boys be impressed with the sacred  
duty they owe their country in times  
of danger, but at the same time let no  
effort be spared to make them feel that  
the nation which fights and wins does  
well, but the nation which by peaceful  
and conciliatory methods secures its  
rights does infinitely better.

The Prince of Wales played bacarat  
and played fairly. According to our  
friends of the American papers, the  
Prince is a very bad man and a dis-  
grace to his nation. Sir William Gor-  
don Cumming played bacarat and  
cheated. According to the same gen-  
tlemen, Sir William is a hero and a  
worthy husband for a New York belle.  
Well we suppose our American friends  
are at liberty to choose their company.

DISTINGUISHED PEOPLE—Make an exception  
in favor of Dr. Fowler's Extract of Wild  
Strawberry. Its known virtues as a cure for  
diarrhoea, dysentery, cholera morbus and all  
bowel complaints cause all who use it to re-  
gard it as the most reliable and effective re-  
medy obtainable.

The ordinary watch gives 116,144,  
000 ticks during the year. This in-  
formation is furnished to save people  
the trouble of counting the ticks.

VIOLANT CARE—Vigilance is necessary  
against unexpected attacks of summer com-  
plaints. No remedy is so well-known or so  
successful in this class of diseases as Dr.  
Fowler's Extract of Wild Strawberry. Keep it  
in the house as a safeguard.

"What is so dry as an old man in  
June?" asked Texas Siffings. Two  
old men in July. That's easy enough.

## The Moose Jaw Times.

FRIDAY, JUNE 26, 1891.

## ABANDONED PRE-EMPTIONS.

We are glad to observe that the Government have rescinded their recent regulations withdrawing abandoned pre-emption from entry and holding them for sale. This is a wise action on their part, as in our opinion, such action was not conducive to the best interests of the North West.

## PRAIRIE FIRES.

The season of the year is now approaching when proper fire guards should be made. Every settler is interested in this matter. He should at this time of the year make a fire break around his land. All are interested in having proper fire guards made on each side of all railway lines throughout the North West, as a large proportion of these fires has, in this part, been caused by sparks from railway engines. While the railways are principally the chief cause, they are not the sole or only cause. Travellers on the prairies are very often careless in the matter of extinguishing their fires and very frequently disastrous fires have occurred from this source. Last year a fire guard was at the instance of the Moose Jaw Board of Trade, made along the C. P. R. track, on both sides of it, throughout this district, the C. P. R. Company defraying part of the cost of doing so. The result was most beneficial. We think we are correct in saying that in no instance was a fire started last season within the limits of the Moose Jaw District from the line of railway, that was not put out by these fire-guards. Fires did start west of this district which came into it, but these fire-guards were in all cases effective for the purpose for which they were made. What was done last season throughout this district with such beneficial results, we hope to see generally done throughout the Territories, and increasingly done until before long fire-guards will be annually made on both sides of all railways. We observe that a bill has been introduced into the House of Commons which is intended to make it obligatory upon all companies operating lines of railway in the North West to make proper fire-guards yearly on each side of their lines. We anticipate the most favorable results from this properly done and we would suggest to the Moose Jaw Board of Trade the advisability of, with the least possible delay, taking the requisite steps to have the fire-guards, which were made last season placed in proper condition to be effective this year. The present moist season is causing a greater than usual growth of grass which will in a short time increase the danger of fire, unless timely precautions are taken. It is in the interest of all to do so. With fire-guards along the lines of railway and proper precautions on the part of the settlers and travellers, the country could be entirely saved from those annual disastrous prairie fires.

## DISFRANCHISING THE N.W.M.P.

A Bill With This Purport Introduced by Nicholas Flood Davis.

OTTAWA, June 22.—Davis today introduced a bill to amend the representation act of the North West Territories. In addition to the change of oath respecting residence already referred to in the Free Press, it provides that the Mounted Police shall be disfranchised. In introducing the measure, Mr. Davis said this clause had been incorporated at the request of many officers and members of the force who thought they should not participate in elections.—Free Press.

## FARMER'S INSTITUTE.

A meeting of the Board of Directors of the Farmer's Institute was held in the Brunswick Hotel, Moose Jaw, on July 20th. The following Directors were present:—Messrs. Rathwell, Capt. Smith, Paisley, Stephenson, Annable and McIntosh, Secy.-Treas. Mr. Rathwell in the chair. Minutes of previous Directors meeting were read and confirmed. Smith and Stephenson moved that the bill for printing be paid, \$25.50, except \$1, as soon as funds are available—carried. Battell and Paisley that W. W. Bole account for stationery be paid, amount \$5.15—carried. Stephenson and Paisley that Secy.-Treas. communicate with Mr. Watson and get a statement from him of all funds granted to memorial fund, the amounts from each and also from whom received—carried. Messrs. Stephenson and Battell that annual meeting be held at Pioneer Lake, Pioneer, on second Monday of July according to Ordinance—carried. Capt. Smith and Annable that Secy.-Treas. prepare annual report for Director's, also that he procure 50 posters advertising annual meeting—carried. E. J. Heath was appointed auditor in place of A. L. Davis who is leaving the district. Meeting adjourned.

## BUFFALO LAKE.

The Annual Base Ball picnic will be held at Buffalo Lake north of Mr. J. Thompson's, on Wednesday July 1st, when a good time is expected. Don't forget to bring your baskets as there will be no tables furnished on the grounds. All is cordially invited.

## PIONEER.

We hope that the people of Moose Jaw and surrounding district will not forget to attend the picnic to be held at Pioneer Lake July 13th. A good programme of sports has been arranged, and a good time may be looked for. The Orange flag will wave for the first time in this district. The object of this picnic will be to raise funds to help build an Orange Hall. Everybody welcome.

## BOHREM.

We are having lots of rain, and the prospects for crops have not been brighter for years. Mr. Wm. Murphy who was thrown from his buggy some time ago, is getting around again. Mr. Candler, of Guelph, Ont., who has been visiting friends in this district seems to be satisfied with what he has seen of this country, as he has taken up land and intends making this his home. Miss Maggie Latham is visiting her sister Mrs. E. N. Hopkins. Mr. A. Zess has four teams breaking on his homestead south of the track.

## PASQUA.

A meeting was held in the new school house, on the 15th of this month to discuss the flour mill question, with Mr. H. Hutchinson as chairman. In this section there seems to be a diversity of opinion as to whether a mill large enough to do gristing for the district, or a merchant flouring mill would be the most suitable.

Mr. J. Hughes, section foreman here, leaves for Montreal this week with his brother who has had the misfortune to entirely lose his sight. He will consult the best specialist in the city. Mr. W. Allison takes his place on the road. He has been repairing his house and it looks quite nobly.

Rev. Dr. McLean will preach a sermon to the Orangemen here on Sunday, July 12th. It is the intention of the brethren to attend the Caron picnic.

Crops are improving day and night and could not look better.

## CARON.

We are having splendid showery weather here and the crops are growing immense. The most of the farmers are busy breaking and ploughing summer fallow.

Mrs. Charles Hewlett is visiting her parents in Moose Jaw.

O. B. Fysh, travelling agent for the Massey Manufacturing Co., paid this place a visit recently and is taking orders right along for implements and twine.

We regret to hear that Mr. Wm. Rathwell got hurt while playing base ball last Saturday evening, at Mr. Jas. Campbell's.

Mr. Naismith, Locomotive Engineer, was out west looking for grazing land, accompanied by Mr. Bambridge, from south of Moose Jaw.

Mr. Pierce Hans is the happy father of a fine baby girl, who made her appearance on the 30th inst.

A CANADIAN FAVORITE.—The season of green fruits, and summer drinks is the time when the worst forms of cholera morbus, diarrhoea, and bowel complaints prevail. As a safeguard Dr. Fowler's Extract of Wild Strawberry should be kept in the house. For 35 years it has been the most reliable remedy.

## THE LICENSE QUESTION.

To the Editor of the TIMES.

DEAR SIR:—In the last issue of your paper a certain correspondent, over the signature of "Right," sees fit to attack the Council in regard to licenses, and like all dirt-slingers who wish to mislead in regard to the actions of those in public positions, he fails to affix his proper signature. Had he done so a reply would have been unnecessary as far as your Moose Jaw readers are concerned. From the tenor of his letter it would be inferred that the Council had granted a license to sell intoxicating liquors. Now sir, I will give you the facts of the case. He states that the Council of 1890, realizing the evil of saloons decided to raise the license fee to \$100.00, but he does not tell you that not a single license for saloons was taken out. Now, a saloon license only empowers the holder to sell soft drinks, and only hotels (certified by the sitting member to be such and containing certain accommodations) can get a license from the Governor to sell four per cent. beer. Now Mr. Field who owns the building adjoining his billiard room, and which was occupied by Mrs. McWilliams as a hotel, has for the last two years taken the hotel license in his own name, thereby enabling him to get a license to sell four per cent. beer. This year the hotel is closed, and Mr. Field again took a hotel license, which was instructed to the Council, who then instructed the inspector to examine the premises and see whether he had hotel accommodations, but this report being to the contrary the Council cancelled Mr. Field's license. Thanking you for the space occupied in your valuable paper, and hoping that when your correspondent appears in print again he will see that he is worthy of the signature which he so wrongfully applies to himself. I remain,

Yours Truly,  
COUNCILLOR COLPITTS.

## ROYAL AND PROHIBITION.

The Northwest Governor Talks on the Liquor Question in Montreal.

Lieut.-Governor Royal, of the Territories, made the following statement to a reporter regarding the liquor question, while in Montreal a few days since:

"The Northwest is not prohibitionist; but the prohibition of the manufacture and importation of strong liquors in the Territories exists as far as the law is concerned. My predecessor, Mr. Dewdney, inaugurated a system of permits which I had to continue, and by which the law has come a dead letter or nearly so. So as to counteract the effects of this system, I authorized the importation and sale in the Territories of light beers, regulated by a code of rules sufficiently stringent to prevent abuses. My object was to create a taste for beer in the Territories, so as to more efficaciously oppose strong drinks. The French accustomed to drink wine, does not become a drunkard; and the German prefers his larger cognac and the same is the case in Belgium and Holland. When prohibition will cease to exist in the Territories, whiskey will replace beer. All hope that Parliament will abrogate the prohibition law during this session and allow thereby the establishment of distilleries in the Territories." Regarding the crops, His Honor said they were looking splendid in all parts of Manitoba and the Northwest, and that a beautiful harvest is hoped for. Immigration, he said, was most encouraging.—Free Press.

DISTURBED PEOPLE.—Make an exception in favor of Dr. Fowler's Extract of Wild Strawberry. Its known virtues as a cure for diarrhoea, dysentery, cholera morbus and all bowel complaints cause all who use it to regard it as the most reliable and truly remedy obtainable.

## Property For Sale!

One of the finest locations in the town, being Lots 12 and 13, Block 74. Upon the lots is one very good dwelling house in good repair. Will be sold cheap. The house draws \$8 per month rent. For further particulars apply at the Times office. 49.

PIMPLES. I will mail (FREE) on receipt of a 2 cent stamp, a receipt for Pimple VEGETABLE BALM that will remove Tan, Freckles, Pimples, Blisters, Black Heads, Etc., leaving the skin soft, clear and beautiful.

Touch with this compound the softily cheek and the bright glow will best its virtuespeak. Also instructions for producing a luxuriant growth of hair on a bald head or smooth face. Address—D. STENFLE, 65 St. N. Y.

## TO CONSUMPTIVES

The undersigned having been restored to health by simple means, after suffering for several years with a severe lung affection, and that dread disease Consumption, is anxious to make known to his fellow sufferers the means of cure. To those who desire it, he will cheerfully send (free of charge) a copy of the prescription used, which they will find a sure cure for Consumption, Asthma, Catarrh, Bronchitis and all throat and lung Maladies. He hopes all sufferers will try his Remedy, as it is invaluable. Those desiring the prescription, which will cost them nothing, and may prove a blessing, will please address, Rev. Edward A. Wilson, Williamsburg, Kings County, New York.

## Don't Miss it.

A new and attractive publication containing many useful, interesting and instructive features has just been issued by T. Milburn & Co., of Toronto, under the title of the Burdock Blood Bitters Almanac for 1891. It is now in the hands of the druggists and merchants for free distribution and we would promise our readers to secure a copy before the supply is exhausted.

VIGILANT CARE.—Vigilance is necessary against unexpected attacks of summer complaints. No remedy is so well-known or so successful in this class of diseases as Dr. Fowler's Extract of Wild Strawberry. Keep it in the house as a safeguard.

LINE PARALYSIS.—"For years I suffered with my back which sometimes became so paralyzed. I suffered awful agony for months and could not sleep, but now, thanks to your Burdock Blood Bitters, I am strong again, have no pain and can work well, eat well, and sleep well."—Mrs. Hammerton, 23 Charlotte St., Toronto.

Tenders for a Lease and Grazing Purposes of Certain Lands in the District of Assiniboia.

SEALED TENDERS addressed to the undersigned and marked on the envelope "Tenders for a Grazing Lease" will be received at the Department until Monday, the 13th day of July next, for a lease for grazing purposes of Section 7, Township 10, Range 22 and Sections 12 and 13, Township 10, Range 23 West of the 3rd Meridian, in the above district. The regulations under which a lease will be issued may be obtained at this Department or at the office of the Agent of Dominion Lands at Regina.

Each tender must be accompanied by an accepted cheque on a chartered bank in favor of the Deputy of the Interior for the amount of the bonus which the applicant is prepared to pay for the lease.

No tender by telegraph will be entertained.  
JOHN R. HALL,  
Secretary.  
Department of the Interior,  
Ottawa, 15th June, 1891.

STRAYED—Came on to the premises of the undersigned one bay pony 4 years old. Owner can have same by proving property and paying expenses.  
WM. FLETCHER, 15-17-26.

FRIDAY, JUNE 26, 1891.

### TOWN AND COUNTRY.

G. M. Annable is in Calgary this week.

Mrs. Fink and family arrived from Winnipeg on Tuesday morning.

Dr. Lafferty, of Calgary, spent a few days in town this week.

Mrs. W. W. Bole is visiting friends in Regina.

Mr. T. W. Barrett, mail clerk, left for Kingston, Ont., where he will remain for a few weeks, visiting friends.

**MONEY TO LOAN**—Private Funds—on Improved Real Estate Securities.—J. G. GONN.

J. G. Macdonald, mail clerk, west, is after a month's illness, able to attend to his duties again.

Mr. J. A. Kammerer has returned home after an eight weeks holiday in the eastern cities.

We have just received a sample of rye from Battell's farm west of the town which measures 4 feet 4 inches.

As an evidence of the faith the farmers have in this district they have begun fencing their farms. Mr. Ben Smith is fencing in his quarter section.

**Canada Permanent Loan and Savings Co. Money to Loan.** Apply to Wm. G. GONN.

The news of the death of Dr. Colin Pittblado, at Nashua, New Hampshire, who was a resident of this town for some years, will be read with deep regret by his many friends here.

As announced in another column of this issue, a picnic will take place on Wednesday July 1st, at Buffalo Lake. A good programme of sports has been arranged and a good time may be expected.

We would just remind the Winnipeg Free Press and Tribune of the fact that it is a customary courtesy to credit items of news clipped from other papers. We like to see the daily papers get all the latest news, but we object to their system of stealing it.

Go to Bellamy's for the Celebrated Doherty Organ, Evans' Piano and White's Sewing Machine.

The Anniversary services of St. John the Baptist's church were conducted by the Rev. Geo. Doherty, of Medicine Hat, on Wednesday evening last. The church was beautifully decorated for the occasion.

Mr. T. B. Baker reports that the price of Buffalo bones is yearly decreasing. He has about 100 tons here and will ship them in a few days. Twenty red river carts, loaded down with Buffalo bones, came in from the South on Monday.

Mrs. Cumpston left on Monday morning for Medicine Hat. She will be greatly missed both in the church and social circles of this town, being an earnest and active worker in all church matters. She takes with her the best wishes of a large number of friends in this town.

On an average, it has rained two days every week for the past four weeks. The magnificent warm weather which follows those rains has produced a marvelous growth of grain and roots. From all parts of this district come very encouraging reports, and the farmers are in excellent spirits.

**WANTED**—A good kitchen girl. Apply at the C. P. R. Dining Hall.

The Binscarth sale took place on Thursday last. The sale is reported as being the most successful ever held in Manitoba, the total proceeds amounting to \$20,000 nearly five hundred people were present. Mr. Wm. Riddell, rancher of this district, attended the sale and purchased two thoroughbred cows for which he paid the handsome sum of \$280.00.

**WHY STRUGGLE**—Why struggle with exhausting diseases when you may be promptly cured by the use of nature's remedy—Burdock Blood Bitters—the perfect cure for dyspepsia, biliousness, constipation, sick headache and all forms of bad blood from whatever cause.

The Presbytery of Regina will meet at Whitewood on Wednesday, the 8th of July next. Business—the election of Moderator, appointment of the year's Standing Committees—call from Indian Head to Rev. J. K. Welsh, examinations of Records of the Session, etc. Those intending to be present are requested to notify Mr. Hamilton, Whitewood, without delay.

The late Mrs. McNicol, of Owen Sound, Ont., bequeathed \$117,000 to the Presbyterian General Assembly for church work. The bequests are to be divided as follows:—\$20,000 to Knox College, \$22,000 to Queen's College, \$10,000 to home mission, \$10,000 to foreign missions, \$10,000 to missions in Manitoba and Northwest, \$22,000 to widows and orphans fund, \$22,000 to aged and infirm ministers fund, \$5,000 to French evangelization.

Two first-class rooms to let—Gentlemen preferred apply to

F. G. HERZLER, Manitoba street

The Orangemen of Moose Jaw accompanied by their brethren from Pasqua and Caron Lodges will attend Divine Service on Sunday July 12th, being the 21st Anniversary of the Battle of the Boyne, in the Presbyterian Church. Rev. Mr. Clay the Pastor will preach the sermon. Service to commence at one o'clock. The brethren will assemble in their hall on Main street at 12 o'clock noon and march to the church.

A kind invitation is extended to all members of the order whether affiliated or not to assemble at the hall and march to the church. The Orangemen will picnic at Pioneer Lake July 13th.

There is a town by-law to prohibit cattle running at large, inside of the corporation. We have been asked to refer to this as it may be the means of saving some of our stock owners from being a victim of the cow by-law. Tie up your cows at night, and you will not only save paying damages but you also save the trees in the C. P. R. garden from destruction. A word to the wise is sufficient.

**FOR SALE**—A first-class buggy. Nearly New. Will be sold cheap. For further particulars apply to W. D. PALMER, Moose Jaw.

Now is your only chance to get bargains in Japanese goods. We will not remain much longer in Moose Jaw, so you had better call at once if you want something nice. We carry a large stock of these goods and our prices can't be beaten. The goods will be sold as we don't want to have the trouble of packing them up again. Call early, inspect and buy. Don't forget the stand, Annable's Block, corner of Main and River streets.

The dog days are coming. The dog days last from the beginning of July to Aug 11. The popular theory is that they are so called because dogs then go mad; but the notion is etymologically false, besides being untrue in fact. Dogs, strange to say, are rather less liable to rabies than at other times.

"Dog days" is really a translation of the Latin "dies caniculares" the twenty days before and the twenty days after the heliacal rising (that is, appearance in the morning just before the sun) of the star Sirius, whom the Romans called "Caniculus" or "little dog." The ancient attribute of a most malignant influence to this star—our "dog star"—and sacrificed a brown dog to appease its rage. If this were not done they thought that the sea would boil, the wine turn sour and dogs begin to grow mad, the life of crocodiles and all animals grow languid. It is unnecessary to say that in the course of some ages Sirius will rise at midwinter instead of at midsummer. Perhaps some wise acres, like those who are ready to believe in dog days and new moons changing the weather and similar impossibilities, will then give him credit for the frost and snow.

**FOR SALE**—One span of young mares one wagon and a set of harness, nearly new. Will be sold on reasonable terms. Apply to

RESSEL WILSON, Moose Jaw.

The regular meeting of the Town Council was held in the Council Chamber on June 26th, 1891. Present Mayor Rutherford, Councillors Porter, Bellamy, Colpitts and Palmer. Minutes of last meeting read and adopted. Communications—E. A. Baker & Co. re account for cartridges; Councillor Herrier re leave of absence; H. McDougall re lumber for sidewalks; R. L. Alexander re Clerk refusing him the privilege of seeing assessment roll; O. B. Fysh re manure pile. Accounts J. Ostrander \$5 for livery; R. Smale work on streets \$2.15; H. Battell work on streets \$2. Bellamy—Colpitts—that E. A. Baker & Co's account of \$25 for 1000 rounds of cartridges be paid and that the Clerk bill the Rifle Association with same—carried. Colpitts—Porter—that leave of absence be granted Councillor Herrier in accordance with his request—carried. Porter—Bellamy—that communication from R. L. Alexander be filed and that the steps taken by the Clerk are satisfactory to the Council—carried. Accounts of J. Ostrander, R. Smale and H. Battell referred to Finance Committee. Colpitts—Bellamy—that the tender of F. H. McDougall for lumber for sidewalks be accepted—carried. Palmer—Colpitts—that the Chairman of Board of Works have well on Fairford street dug up and that holes in streets be filled where necessary—carried. On motion Council adjourned.

The regular meeting of the Town Council was held in the Council Chamber on June 22nd, 1891. Present Mayor Rutherford, Councillors Gass, Colpitts, Palmer and Bellamy. Minutes last meeting read and adopted. Letter from Wm. Grayson re taxes for 1891. Moose Jaw Electric Light Co. \$35.25 for lights on Main street. Palmer—Colpitts—that account of the Moose Jaw Electric Co. be laid over for two weeks—carried. Councillor Gass not voting. Gass—Colpitts—that the Treasurer be instructed to forward a letter to the Trustees of the Moose Townsite agreeing to take 25 per cent. of taxes on town lots as agreed by previous Council under agreement—carried. Your Committee on License recommended that the Council adhere to the by-law in the case of O. Field and whereas the Inspector reports that he has not the necessary accommodation for an hotel we recommend that his hotel license be cancelled, also that all licenses be collected forthwith. Finance Committee would recommend the payment of the following accounts:—The Standard Publishing Co., Regina, for printing \$7.50; C. A. Gass, express, etc., 60c; H. Battell, work on ditch 1890, \$2; R. Smale, work on pumps, \$2.15; J. Ostrander, livery for delegates, \$5. Palmer—Colpitts—that report of Finance Committee be received and adopted—carried. Colpitts—Palmer—that the Inspector notify all parties requiring licenses that they will only be given 48 hours in which to take out same, and if they fail to take them out that he, the Inspector, take proceedings against them in accordance with By-law—carried. Gass—Colpitts—that the Clerk notify A. A. Andrews of Winnipeg, that the Chemical Engine ordered by the Moose Jaw Town Council of 1890, is not delivered at Moose Jaw on or before July 22nd, 1891, it will not be accepted—carried. Colpitts—Palmer—that the offer of W. Marchant of \$10 for two weeks, and \$5 per week, or any portion of a week after that time, be accepted—carried. On motion Council adjourned.

A game of Base Ball took place on Saturday afternoon between the Moose Jaw second nine and the "Buffalo Lake Rangers." The weather was all that could be expected, consequently a large crowd of farmers and citizens witnessed the game. Mr. Jos. Blackburn umpired the game to the satisfaction of both teams. The game commenced sharp at 2.30 and after three hours of hard work resulted in a victory for the home team by 25 to 18. The game proved to be much more interesting than the score would indicate, as in the sixth innings the score was 14 to 13. The Rangers were defeated, but only after a magnificent struggle. The following is the score:—

MOOSE JAW.

The cabbage-worm is playing havoc in a number of the gardens in town. Try the following remedies:—

"Scatter pieces of green stuff, such as cabbage, lettuce leaves or fresh sods, which have been sprinkled with Paris green water or similar poison, here and there over the area that you wish to clear of worms."

"Sprinkling with a moderately strong brine and the effect will be magical. The worms will disappear, and the salt has such a stimulating effect that the plants soon outgrow the injury inflicted on them. Various insecticides and coal oil are also sure cures, but they are either dangerous or unpleasant in their effects."

**BIRTHS.**

MILLER—At Moose Jaw, on the 24th inst, the wife of H. E. Miller of a son.

**MARRIAGES.**

FINDLAY—McKENN—At Moose Jaw, on the 19th inst., by the Rev. W. L. Clay, William Findlay to Miss Susan McKinn, late of Drumbo, Ireland.

One mare of a dark iron grey four years old, and one mare of a bay with black points. Both mares when last seen. A concrete men will be suitably rewarded.

GRAYSON, Moose Jaw

"Mares of the old."

Grayson and Sons

## Homestead Regulations !

All even-numbered sections of Dominion Lands in Manitoba or the North West Territories, excepting 8 and 26, which have not been homesteaded, reserved to provide wood lots for settlers, or other purposes, may be homesteaded by any person who is the sole head of a family, or any male over eighteen years of age, to the extent of one quarter section of 160 acres, more or less.

**ENTRY.**  
Entry may be made personally at the local land office in which the land to be taken is situated, or if the homesteader desires he may, on application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive authority for some one to make the entry for him. A fee of \$10 is charged for an ordinary homestead entry; but for lands which have been occupied an additional fee of \$10 is chargeable to meet inspection and cancellation expenses.

**HOMESTEAD DUTIES.**  
Under the present law homestead duties may be performed in three ways, and on making application for entry the settler must declare under which of the following conditions he elects to hold his land:

1. Three years' cultivation and residence, during which period the settler may not be absent for more than six months in any one year without forfeiting the entry.  
2. Residence for three years anywhere within two miles of the homestead quarter section, and afterwards actual residence in a habitable house upon the homestead for three months next prior to application for patent. Under this system 10 acres must be broken the first year; 15 additional in the second, and 15 in the third year; 10 acres to be in crop the second year and 25 acres the third year.  
3. The 5 years' system under which a settler may reside anywhere for the first two years, (that must perfect his entry by commencing cultivation within six months after the date there of breaking five acres the first year, cropping three five acres and breaking 10 acres additional the second year and also building a habitable house before the end of the second year. The settler must commence actual residence on the homestead at the expiration of two years from date of entry, and thereafter reside upon and cultivate his homestead for at least six months in each of the three next succeeding years.

**APPLICATION FOR PATENT**  
may be made before the local agent, any homestead inspector or the intelligence office at Medicine Hat or Qu'Appelle Station. Before making application for Patent the settler must give 6 months' notice in writing to the Commissioner of Dominion Lands of his intention to do so.

**INTELLIGENCE OFFICES**  
are situated at Qu'Appelle Station and Medicine Hat. Newly arrived immigrants will receive at any of these offices information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing lands to suit them.

**A SECOND HOMESTEAD**  
may be taken by anyone who has received a homestead patent or a certificate of recommendation countersigned by the Commissioner of Dominion Lands upon application for patent made by him, or had earned title to his first homestead on, or prior to, the 2nd day of June, 1877.

## NOTICE.

Full information respecting the land, timber, coal and mineral laws, and copies of these regulations as well as those respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Dominion Lands, Winnipeg, Manitoba; or to any of the Dominion Land Agents in Manitoba or the North West Territories.

A. M. BURGESS,  
Deputy Minister of the Interior

G. B. WALLACE,  
Main street.

## Good News!

No one, who is willing to adopt the right course, need be long afflicted with boils, carbuncles, pimples, or other cutaneous eruptions. These are the results of Nature's efforts to expel poisonous and effete matter from the blood, and show plainly that the system is ridding itself through the skin of impurities which it was the legitimate work of the liver and kidneys to remove. To restore these organs to their proper functions, Ayer's Sarsaparilla is the medicine required. That no other blood-purifier can compare with it, thousands testify who have gained

from the tyranny of degraded blood by the use of this medicine.

"For nine years I was afflicted with a skin disease that did not yield to any remedy until a friend advised me to try Ayer's Sarsaparilla. With the use of this medicine the complaint disappeared. It is my belief that no other medicine could have effected so rapid a cure."—J. C. GORDON, a miller, Manilla, Mexico.

"I suffered with pimples and could not get on my feet. I used Ayer's Sarsaparilla and blood medicine and I am now as well as ever."

# THE NEW PREMIER.

## Sketch of His Career

John J. Caldwell Abbott was born 70 years ago in the rectory of St. Andrew's parish, County of Argenteuil, Quebec. His father was the Rev. Joseph Abbott M. A. who in 1818 came from England and settled at St. Andrew's as the first Anglican incumbent. The elder Abbott, after a brief residence at St. Andrew's married Harriet daughter of the Rev. Richard Bradford rector of the adjoining parish of Chatham. The union resulted in the birth of a son on March 12, 1821. Careful training at the hand of his father with the intent of entering upon a university course, occupied the first few years of the future statesman's life, which uneventfully until he went to Montreal and matriculated at McGill College. Here his course gradually opened out for him, and after several years of close application, during which his life was one of study—industrious and ardent—he graduated a B. C. L. He at once entered upon the study of law and in his 27th year was called to the bar of Lower Canada. These were stirring times in the political history of Canada. Two years after Mr. Abbott commenced his practice, a Montreal mob burned the Parliament House and practically drove the Governor out of the city. There is no record, however, that Mr. Abbott took much more than the common interest in these events. He is on the record as mixing in politics at this time, for his name has come down as one of the signers of the now famous annexationist manifesto of 1849. High Tory as he was and sufficiently interested in current events to take this step, it is not apparent that he followed it up by taking a prominent part in politics. For several years he devoted himself chiefly to commercial law and built up a reputation for shrewdness and caution. Then, as now, he was reckoned a safe man with whom to take counsel, a man little likely to risk all on one throw of fortune's dice. It was not until 1859 that he entered political life as member for his native county in the Assembly of Canada. From that time onward he took an active part in the transactions of the House, notably in reference to commercial matters. He was made a Q. C. in 1862, and for a short time was a member of the Sandfield Macdonald Ministry as Solicitor-General. In 1864, after a good deal of research, he introduced and fought through the House the "Insolvent Act," probably his chief work as a legislator. The act has been amended at various times but in the bill of Mr. Abbott the foundation of future legislation was laid. The successful carrying through of this measure added greatly to his reputation both as a lawyer and legislator. As father of the Insolvency Act he was consulted by many seeking to enforce its provisions and his practice increased greatly. In 1867 upon Confederation Mr. Abbott was returned to the House of Commons, and continued to take great interest in legal questions that came up in the House. In the negotiations of the syndicate of which Sir Hugh Allan was chief, for the Pacific railway charter, Mr. Abbott acted as counsel, and through his confidential clerk's treachery—or patriotic spirit—it was that the famous private correspondence which caused the Pacific scandal saw the light. In the defeat of the Government at that time Mr. Abbott shared, and from 1874 to 1880 was returned once more in the latter year of 1883-87. Retiring then, he was subsequently elevated to the Senate, which he has now and again brought before public notice. He is now Government member in the Senate, and one of the most vigorous members of "the Lords." The legislative achievements of Hon. Mr. Abbott have been chiefly along the line of his first work. Next to the Insolvency Act, the measure by which his reputation has been most enhanced, is the Jury Law Consolidation Act of Lower Canada. Another important matter in which he took part was the defining of the powers of the Lieutenant-Governors. In company with Hon. H. L. Langevin (now Sir Hector) he went to England in 1879 on the mission which resulted in the dismissal of Lieut.-Gov. Letellier of Quebec for exceeding his power and government without the advice of the Ministry of the day.

In private life Mr. Abbott is an amiable gentleman, and has surrounded himself rather with friends than followers. He married in 1849, Mary, daughter of the late Dean Bethune of Montreal.

## Don't Miss it.

A new and attractive publication containing many useful, interesting and instructive features has just been issued by T. Milburn & Co., of Toronto, under the title of the Burdock Blood Bitters Almanac for 1891. It is now in the hands of the druggists and merchants for free distribution and we would promise our readers to secure copy before the supply is exhausted.

In 1881 population of London, England, was 4,766,661; in 1891, 5,633,332, an increase of 866,671.

# Property For Sale!

One of the finest locations in the town, being Lots 12 and 13, Block 78. Upon the lots is one very good dwelling house in good repair. Will be sold cheap. The house draws \$8 per month rent. For further particulars apply at the Trust office.

## OTTAWA HOTEL!

This hotel will now be found to be First class in every particular.

## EVERY ATTENTION PAID TO GUESTS.

H. R. HOLT, Prop.  
River Street—west.

**WANTED** MEN, local or traveling to sell my guaranteed **NEVER-FAILING** Stock, Salary or Commission paid weekly. Outfit free. Special attention given to new beginners. Workers never fail to make good weekly wages. Write me at once for particulars.

O. E. GRAHAM, Nurseman.  
(This house is reliable.) TORONTO, ONT.

## NERVOUS DEBILITY.

A gentleman having been cured of Nervous Prostration, Seminal Weakness, Premature Decay, and all the evil effects of early indiscretion and youthful folly, is anxious to make known to others the simple mode of **SELF-CURE**. To those who wish, and will give him their symptoms, he will send (free) by return mail, a copy of the recipe so successfully used in his case. Address, in confidence, JAMES W. PICKER, 42 Cedar St., N.Y.

**PIMPLES.** I will mail (FREE) on receipt of a 2 cent stamp, a receipt for **Pimple VEGETABLE BALM** that will remove Tan, Freckles, Pimples, Blisters, Black Heads, Etc., leaving the skin soft, clear and beautiful.

Touch with this compound the soft fly cheek and the bright glow will best its virtuespeak. Also instructions for producing a luxuriant growth of hair on a bald head or smooth face. Address — D. STEPHENSON, 65 St., N. Y.

## TO CONSUMPTIVES

The undersigned having been restored to health by simple means, after suffering for several years with a severe lung affection, and that dread disease Consumption, is anxious to make known to his fellow sufferers the means of cure. To those who desire it, he will cheerfully send (free of charge) a copy of the prescription used, which they will find a sure cure for Consumption, Asthma, Catarrh, Bronchitis and all throat and lung maladies. He hopes all sufferers will try his Remedy, as it is invaluable. Those desiring the prescription, which will cost them nothing, and may prove a blessing, will please address, Rev. Edward A. Wilson, Williamsburg, Kings County, New York.

# YOUNG General Marceau

## Description and Pedigree.

YOUNG GENERAL MARCEAU is a beautiful jet black, and for bone and action cannot be surpassed. He stands 16 1/2 hands high and weighs 1550 pounds. He was foaled in May, 1885, out of the mare Maxworth Messenger, and from the horse General Marceau, who was imported from France in December, 1882 by Crawford Brothers, of Springfield, Crawford County, Pennsylvania, and from there to Canada the same year.

## TERMS!

To insure Foal \$10. Season mares, \$8. Single leap \$5, to be paid at the time of service. Parties disposing of their mares before collecting time will be held responsible whether the mare is with foal or not. Insured mares must be returned regularly to the horse or they will be charged as season mares. The season mares to be paid the last two rounds, and insured mares on the 1st of January, 1892. All accidents at the owner's risk.

THOS. BAIN, Proprietor.

## SUFFOLK PUNCH!

## DUKE OF MAY,

1621, S. S. B

## Description and Pedigree.

DESCRIPTION. Duke of May is a beautiful golden chestnut, stands 16 hands high, weighs 1650 pounds, perfectly round, clean legs and has grand action. Imported from Woodbridge, England, by Sir John Lubbock, 1st Baron. This horse has stood for two consecutive years at the Royal Agricultural Society for service of their members, and has won the highest honors at the London Exhibition held at Crystal Palace, Ontario.

Duke of May, 1621, S. S. B, foaled 1885, bred by Alfred J. Smith, Remondisham, Woodbridge, Suffolk, England. Sired by General Marceau, 1620, S. S. B, foaled 1882, imported from France by Sir John Lubbock, 1st Baron. General Marceau, 1620, S. S. B, was sired by the Duke of Devonshire, 1619, S. S. B, foaled 1881, bred by Sir John Lubbock, 1st Baron. The Duke of Devonshire, 1619, S. S. B, was sired by the Duke of Devonshire, 1618, S. S. B, foaled 1880, bred by Sir John Lubbock, 1st Baron. The Duke of Devonshire, 1618, S. S. B, was sired by the Duke of Devonshire, 1617, S. S. B, foaled 1879, bred by Sir John Lubbock, 1st Baron. The Duke of Devonshire, 1617, S. S. B, was sired by the Duke of Devonshire, 1616, S. S. B, foaled 1878, bred by Sir John Lubbock, 1st Baron. The Duke of Devonshire, 1616, S. S. B, was sired by the Duke of Devonshire, 1615, S. S. B, foaled 1877, bred by Sir John Lubbock, 1st Baron. The Duke of Devonshire, 1615, S. S. B, was sired by the Duke of Devonshire, 1614, S. S. B, foaled 1876, bred by Sir John Lubbock, 1st Baron. The Duke of Devonshire, 1614, S. S. B, was sired by the Duke of Devonshire, 1613, S. S. B, foaled 1875, bred by Sir John Lubbock, 1st Baron. The Duke of Devonshire, 1613, S. S. B, was sired by the Duke of Devonshire, 1612, S. S. B, foaled 1874, bred by Sir John Lubbock, 1st Baron. The Duke of Devonshire, 1612, S. S. B, was sired by the Duke of Devonshire, 1611, S. S. B, foaled 1873, bred by Sir John Lubbock, 1st Baron. The Duke of Devonshire, 1611, S. S. B, was sired by the Duke of Devonshire, 1610, S. S. B, foaled 1872, bred by Sir John Lubbock, 1st Baron. The Duke of Devonshire, 1610, S. S. B, was sired by the Duke of Devonshire, 1609, S. S. B, foaled 1871, bred by Sir John Lubbock, 1st Baron. The Duke of Devonshire, 1609, S. S. B, was sired by the Duke of Devonshire, 1608, S. S. B, foaled 1870, bred by Sir John Lubbock, 1st Baron. The Duke of Devonshire, 1608, S. S. B, was sired by the Duke of Devonshire, 1607, S. S. B, foaled 1869, bred by Sir John Lubbock, 1st Baron. The Duke of Devonshire, 1607, S. S. B, was sired by the Duke of Devonshire, 1606, S. S. B, foaled 1868, bred by Sir John Lubbock, 1st Baron. The Duke of Devonshire, 1606, S. S. B, was sired by the Duke of Devonshire, 1605, S. S. B, foaled 1867, bred by Sir John Lubbock, 1st Baron. The Duke of Devonshire, 1605, S. S. B, was sired by the Duke of Devonshire, 1604, S. S. B, foaled 1866, bred by Sir John Lubbock, 1st Baron. The Duke of Devonshire, 1604, S. S. B, was sired by the Duke of Devonshire, 1603, S. S. B, foaled 1865, bred by Sir John Lubbock, 1st Baron. The Duke of Devonshire, 1603, S. S. B, was sired by the Duke of Devonshire, 1602, S. S. B, foaled 1864, bred by Sir John Lubbock, 1st Baron. The Duke of Devonshire, 1602, S. S. B, was sired by the Duke of Devonshire, 1601, S. S. B, foaled 1863, bred by Sir John Lubbock, 1st Baron. The Duke of Devonshire, 1601, S. S. B, was sired by the Duke of Devonshire, 1600, S. S. B, foaled 1862, bred by Sir John Lubbock, 1st Baron. The Duke of Devonshire, 1600, S. S. B, was sired by the Duke of Devonshire, 1599, S. S. B, foaled 1861, bred by Sir John Lubbock, 1st Baron. The Duke of Devonshire, 1599, S. S. B, was sired by the Duke of Devonshire, 1598, S. S. B, foaled 1860, bred by Sir John Lubbock, 1st Baron.
